## About E-Collar Technologies Inc.

E-Collar Technologies, Inc. is the innovator of using low level stimulation conditioning to achieve superior results. Our products all utilize our proprietary low-current stimulator technology which better mimics the corrective bite from the mother. All of our e-collars are produced under strict quality standards and

100% assembled and tested in the USA. We pride ourselves on providing the highest quality products and superior customer service to our customers. *Thank you for your consideration.*

## Barkless BL-100 E-Collar

*BL-100*

Actual Size

The BL-100 Barkless E-Collar is the perfect solution for those dogs that like to over-communicate. It utilizes a patented low-current stimulation technique to condition the dog not to nuisance bark. By setting the stimulation to the correct level, protection barking will continue while unnecessary barking is eliminated. The Auto-Mode feature makes it simple for all dog owners to use with confidence. Our mission is to make life with your dog better.

### FEATURES:

- 100% Waterproof and Shock Resistant
- 4 Levels and Auto-Mode
- Easy to Use
- Completely Rechargeable

## Accessories

E-collar also carries a full line of accessories for your e-collar need. To view them, please see our website.
